## Additional Instructions

### Synopsisys' Customer End Use Export Screening Checklist

1. This document is required by Synopsisys to comply with regulations. Completion is mandatory.
2. Please answer all questions.
3. If you answer "yes" to any of the questions 1 to 10 then please provide a full and clear explanation on your official organization's letter head paper. Please attach and return with the checklist
4. Please arrange for this document to be completed by and signed by a person of appropriate authority within your organization. If the Synopsisys software tools and technology are used within multiple locations within your organization (e.g., different departments) then this completed statement must reflect all locations and the whole usage
5. Synopsisys may need to contact you. Please therefore provide full contact details on the form
6. Please complete the form clearly and legibly. Please complete all sections, and the form must be signed and dated. If you have a university stamp, please add this by your signature
7. Answer yes only if your organization has ever been denied an application for an export license in relation to any projects where Synopsisys tools or technology has been used. In this case please explain on your letterhead and return with this checklist
8. If your organisation only follows international sanctions and export regulations and imposes no additional restrictions then the answer to this question should be No. If your organisation has additional restrictions beyond international sanctions and export regulations please answer Yes and explain on your letterhead and return with this checklist
9. If your organization has a direct line of management reporting to your National or State Government you should answer yes and explain on your letterhead and return with this checklist. If you are a University that only receives National or State funding but otherwise has independent management then you should answer no
10. These additional instructions do not form part of the document and should not be included with your final document
11. Please complete and return a high quality, colour, scanned PDF copy along with any additional explanation on letterhead by email to [MicroelectronicsCentre@stfc.ac.uk](mailto:MicroelectronicsCentre@stfc.ac.uk).

### What next?

The Microelectronics Support Centre will forward these checklists and accompanying documentation (if any) to the appropriate department within Synopsisys.

### Future documents

Currently it is our understanding that Synopsisys will require this checklist to be re-completed annually. However, if your circumstances change in the interim please complete and submit a new form. Synopsisys may require that some institutes complete a more in-depth questionnaire so that Synopsisys can comply with export regulations.

### Questions?

If you have any questions then please contact the Microelectronics Support Centre (email: [MicroelectronicsCentre@stfc.ac.uk](mailto:MicroelectronicsCentre@stfc.ac.uk)). However, please note that this checklist is a document that is defined by Synopsisys. It will be processed and interpreted by Synopsisys. The Microelectronics Support Centre at UKRI-STFC Rutherford Appleton Laboratory is distributing this checklist as part of the administration required to make Synopsisys licenses available through the Europractice project.
